

INVITATION

The Hellenic Branch of FITCE (Forum for ICT Professionals) in collaboration with the Italian Branch, organizes a workshop on 12/10/2012, in Patra (Confrence & Cultural Center of the University of Patras), on:

«Trends in Telecommunications: Bridging Technologies and Advanced Services»

During the Workshop all current issues and developments around the Telecoms will be discussed, such as:

- Wireless/Mobile Technologies
- Energy saving in telecommunications-regulation issues
- Next Generation Access Technologies/Services
- Round Table «How operators can compete and become profitable in a period of economic crisis»

The workshop will involve Greek and foreign speakers from major companies and organizations in the area of the Telecommunications (Providers, Manufacturers, Integrators). Engineers, Scientists and ICT Professionals from fields of the Telecommunications are invited to participate in the workshop.

Admission free
