## EVENT DESCRIPTION TO PROMOTE ALL DIGITAL SUMMIT

**Title:** ALL DIGITAL Summit 2021 - Digital Skills and Tools for a Better World.

**Date and venue:** Online, 13-15th October 2021

### Event description:

Join us and register to attend the **ALL DIGITAL Summit 2021 - Digital Skills and Tools for a Better World**.

The **ALL DIGITAL Summit** is the annual meeting point of all our members and stakeholders: non-profit organisations, libraries and networks of digital competence centres that empower citizens across Europe with technology. It is also a unique opportunity for the European digital inclusion sector to present achievements and exchange ideas with policy makers at EU and national level, academics, young people, digital skills trainers and private companies among other stakeholders.

The 14<sup>th</sup> ALL DIGITAL Summit will be held online on **13-15 October 2021** and explore **Digital Skills and Tools for a Better World**. The three days of the event will in turn focus on the three digital empowerment themes: citizens and competence centres; STE(A)M educators; and young people.

The connecting aspect between these themes is solving real world and societal problems through digital tools and approaches. The underlying aim of the event is to increase capacity, readiness and resilience of digital competence centres.

In addition to keynotes and panel discussions, the event will introduce a number of projects to the audience and go into varying levels of detail about a range of tools and approaches for different purposes and different audiences under these themes.

**ALL DIGITAL seeks to contribute to dialogue, implementation, and co-operation on these and other actions to deliver Europe's digital future.**

The event will be held on a platform where participants will be able to interact with other conference participants and schedule 1:1 meetings, and also being informed in real-time about the programme updates or new confirmed speakers. We invite you to [register](#) and read more [about the event](#), the [confirmed speakers](#), and the [programme here](#).

Please note that [registration is opened until October 11<sup>th</sup>](#).

Co-funded by the  
Erasmus+ Programme  
of the European Union
